

Ana Silva

Case reference & repayment options

Document RES-DEMO-ANA-001 · Version 1 · 16 September 2026

FICTIONAL TEST DOCUMENT — NOT A LEGAL AGREEMENT
No real debt, signed contract or payable obligation is represented.

1. Case overview

Field	Recorded demo value
Borrower	Ana Silva
Original creditor / bank	Banco Horizonte (fictional)
Servicing platform	Rescova
Opening balance	BRL 1,250.00
Market / currency	Brazil / Brazilian real (BRL)
Scheduling timezone	America/Sao_Paulo
Document language	English, for demo testing

This reference accompanies the fictional Ana Silva voice-demo case. The application's case reference is generated per demo session; RES-DEMO-ANA-001 identifies this document only.

No verified payments are recorded in this static document. It is not a current account statement: later agreements and payment updates belong to the live case record.

Repayment options

2. Snapshot of the configured fictional offer catalog

The following amounts match the Rescova demo offer catalog at document creation. They describe available options, not an agreement already accepted by Ana.

Option	Total	Terms
Immediate settlement	BRL 1,125.00	10% discount; savings BRL 125.00. One payment due on the offer date.
Three monthly installments	BRL 1,250.00	BRL 416.67 + BRL 416.67 + BRL 416.66. No interest; no discount.
Six monthly installments	BRL 1,250.00	First two payments: BRL 208.34 each. Remaining four: BRL 208.33 each. No interest; no discount.

Dates and rounding

For both installment options, the first payment is due seven days after the offer is generated. Subsequent payments follow monthly. The application supplies the exact dates and any month-end adjustment.

The last centavos are distributed across installments so their sum equals exactly BRL 1,250.00. The installments are therefore not all identical.

Offer validity and acceptance

The immediate-settlement option is valid for its offer date. The installment offers have a seven-day validity window. This document does not start or renew a validity window.

No offer is accepted by uploading this PDF. A current authorized offer must be explained and accepted in the conversation, then recorded by the application's payment-solution capability. Any existing recorded agreement remains authoritative.

Demo payment instructions are placeholders. This document contains no payable link, Pix key, bank account or instruction to transfer money.

Document details & support information

3. Supplemental fictional facts for retrieval testing

Statement reference

The supplemental statement reference is HORIZONTE-ANA-2026-0916. The statement covers the fictional opening balance of BRL 1,250.00. It does not certify any payment received after this document was prepared.

Preferred written explanation

Ana's fictional document preference is a short English explanation followed by a numbered list of installment amounts. This is a test preference, not consent to a new payment agreement or to contact through an additional channel.

Document questions

The document support category is Account documentation. The internal document locator is Library shelf C-17. These labels help test retrieval of facts that do not normally appear in the case's short working context.

Unavailable information

The original loan disbursement date, signed contract number, original contractual interest rate and bank branch are not supplied in this document. They cannot be inferred from the document identifier, preparation date or interest-free demo repayment options.

Source and scope

All names, references, preferences and servicing details in this document are synthetic. The creditor and balance match the standard Ana Silva demo; supplemental labels exist only for this upload test. Current case data, authorized offers and saved agreements take precedence over this static reference.
